THE DENISON HIGH SCHOOL  
YELLOW JACKET

VOLUME FIFTY-SIX  
PUBLISHED BY  
THE YELLOW JACKET STAFF  
DENISON, TEXAS

# Foreword

Our school, DHS ... One world yet many, this school: Our worlds of DHS.

Worlds of a sophomore ... clubs, classes, new rules, strange worlds ... Never the same face twice ... No room in lockers ... It's happened before, all this ... Yes, but never to us.

Then—a junior's worlds ... "Schedules changed; lunch hours **only**" ... "Typing or chemistry?" ... As many problems ... But all somehow familiar ... We've been through this before.

Seniors; last-time year ... Run; run; try to remember ... Faces we knew are gone ... It's over so soon ... A night; a speech; cap and gown ... And now we leave our worlds.

So that three-year worlds  
may be ours to keep, our theme:  
THE WORLDS OF DHS

## Foreword

Hail to thee our Alma Mater  
School we love so dear  
With our friends and fellow comrades  
We spend our happy years.

Though we leave we'll always cherish  
Memories old and new  
Hail to thee our Denison High School  
We are all for you.

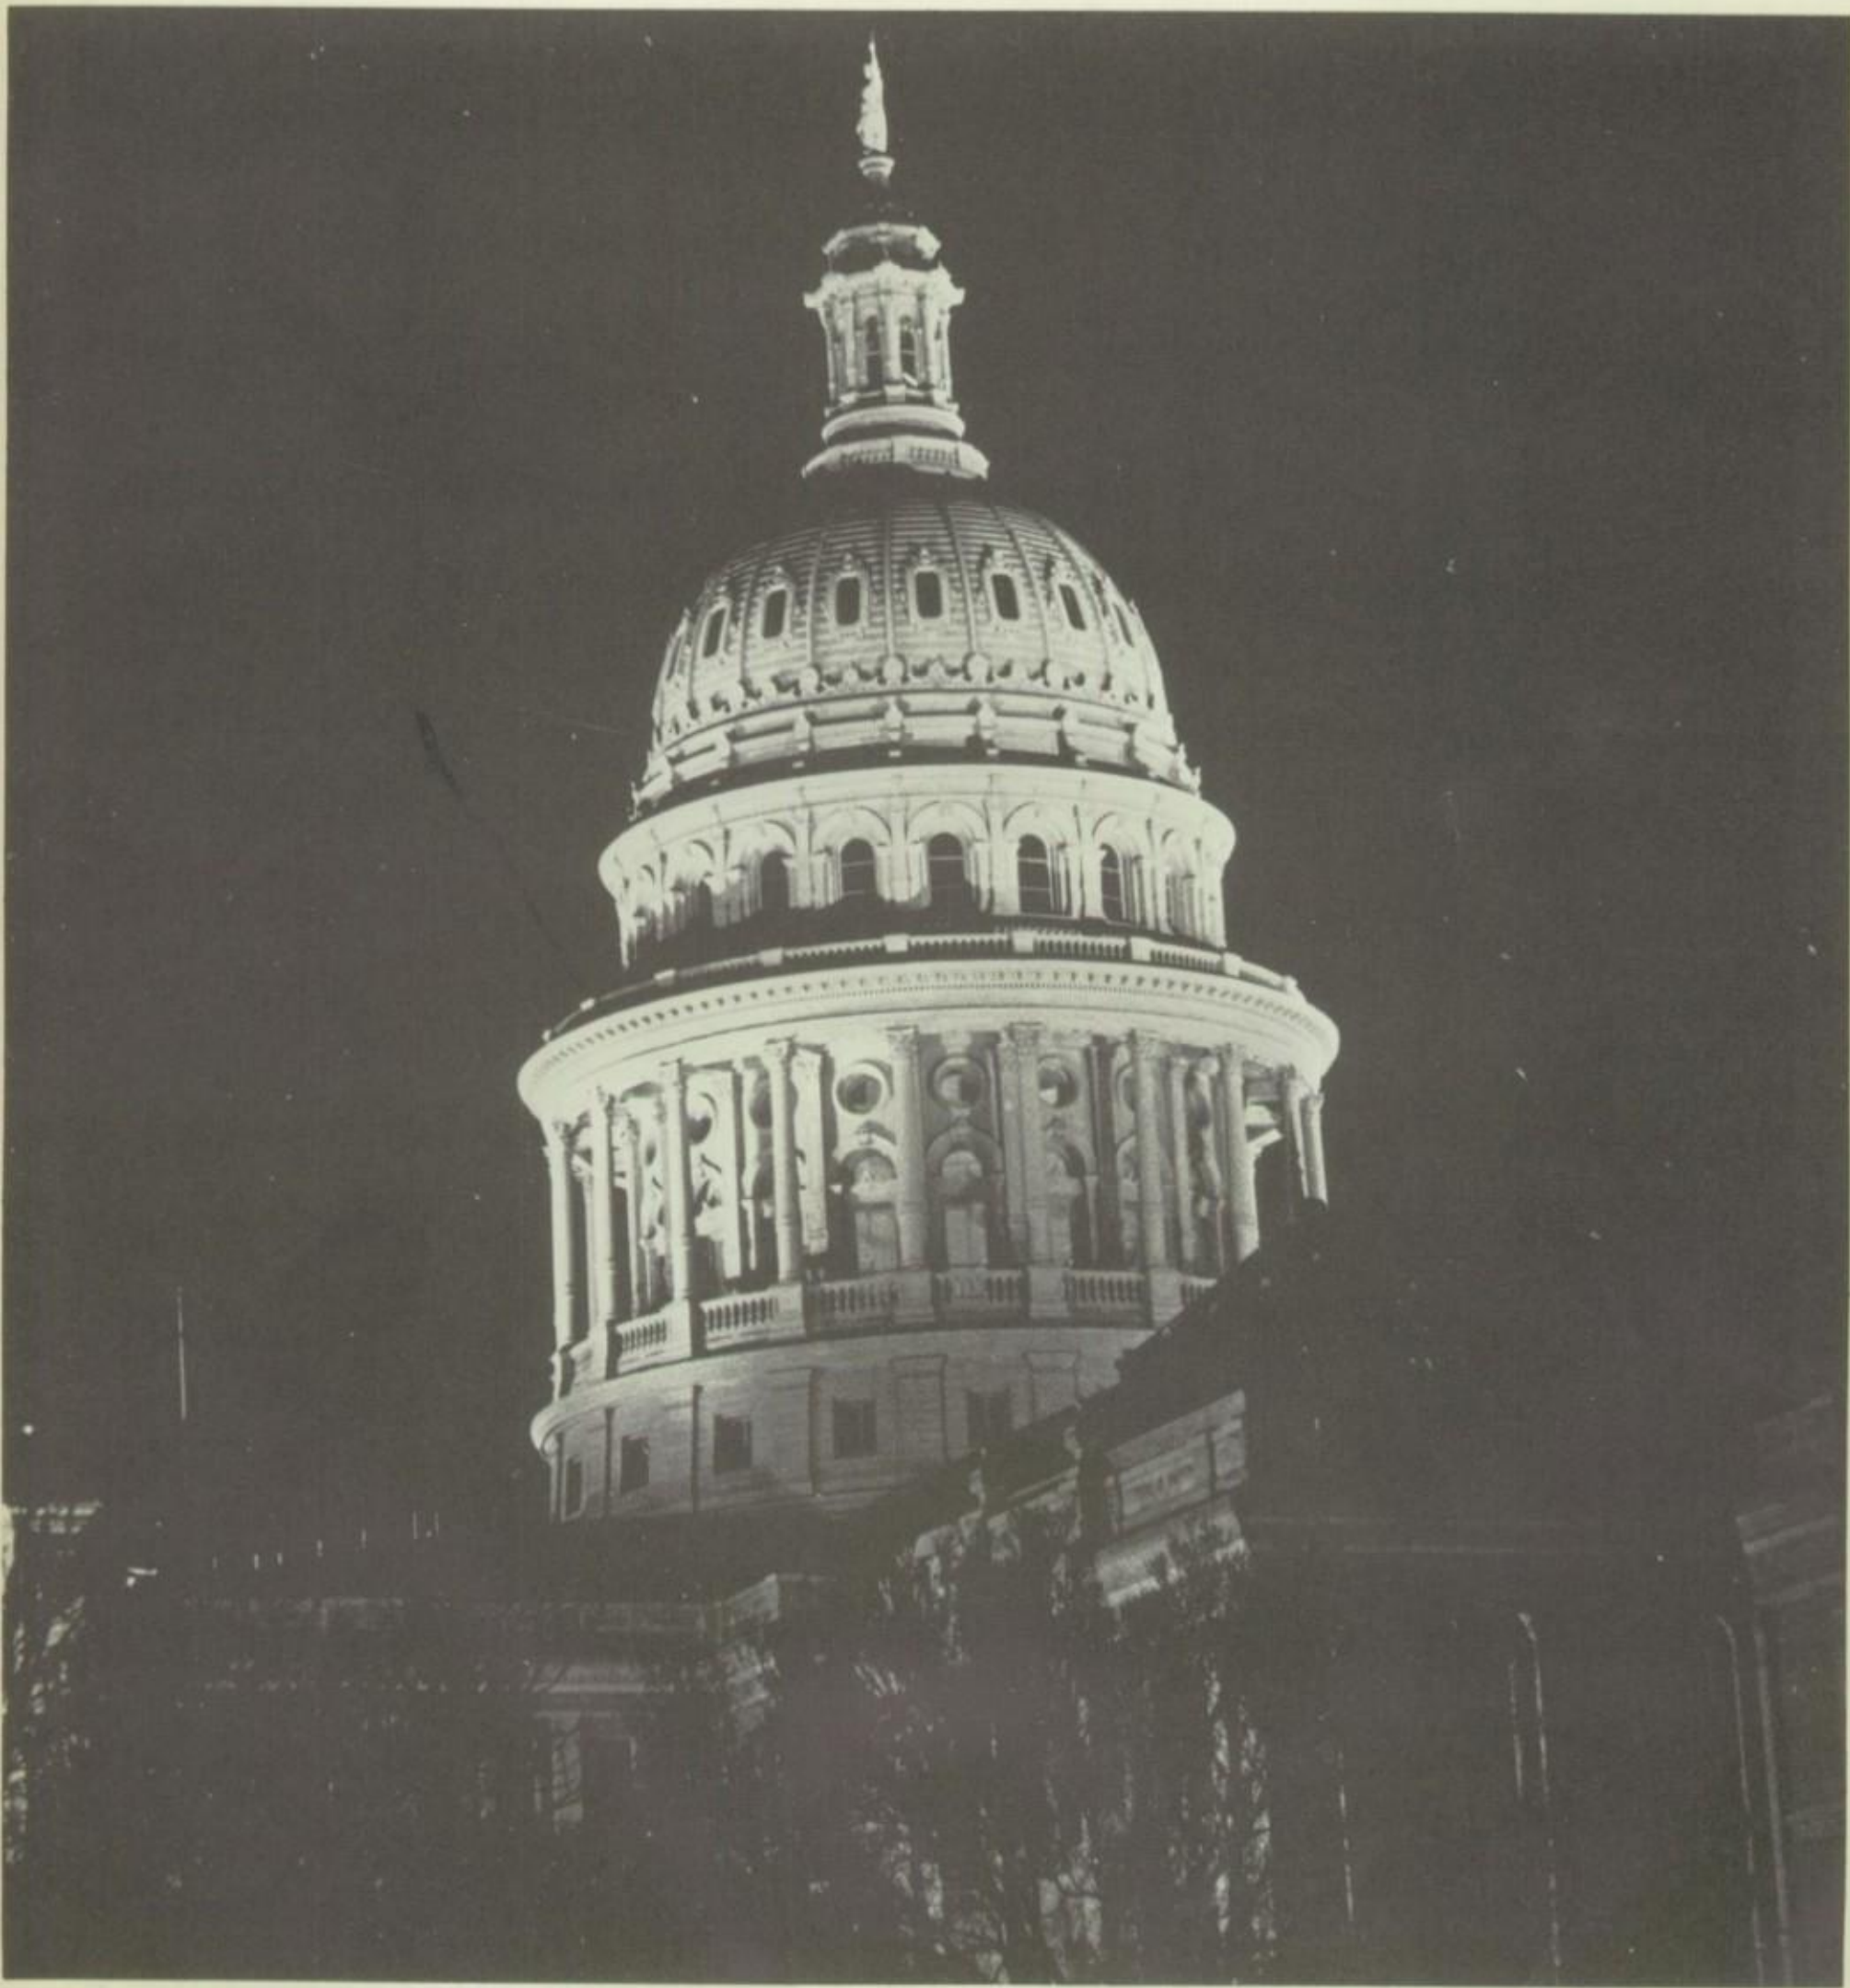

Our many worlds begin here  
On the streets of our town,  
Which we see, and pass by, and see again—  
While our minds make them scenes of memory,  
A part forever of what we are.

Our worlds do not end here.  
Drop a pebble into water  
And concentric rings spread outward  
Around the place where it fell.  
So it is with our worlds,  
Spreading outward ...

Outward, by dusty roads and superhighways,  
To all the towns and cities of Texas—  
Bell's and Grapevine,  
Dallas and Houston.  
We go everywhere,  
And meet the people  
Who are meeting us;  
So that each of us lives  
As pictures in other minds.

We keep on going.  
After Texas—this country before us ...

70

This country waits for us ...  
We are coming.  
Ink lines on a paper map,  
Now lines of concrete and asphalt  
Stretching across a nation.  
We go outward, following the lines.  
Where the lines do not go  
We are making our own.

We are everywhere,  
Seeing everything.  
Finding our country, its worlds meeting ours.  
We will go further ...

70

The world is ours  
By right of participation.  
What we have seen and done,  
All we have experienced,  
These are ours forever  
Dark—bright pictures of worlds left behind.

There's no stopping us.  
The sky's not the limit—  
Not anymore.  
Footprints on the moon, already.  
One of these days...

The universe.

**Mrs. Kay Casey**

## Dedication

Mrs. Casey helps Lanell Miller in her bookkeeping chores as business manager of the Yellow Jacket. She is always willing to help those who ask her assistance.

The "family," otherwise known as the 1970 and 71 annual staffs are shown here with Mrs. Casey following the awards assembly.

To one who is admired and respected by the entire student body and faculty

To one who demonstrates such cooperation, enthusiasm, and understanding in her sponsorship of the Yellow Jacket, Stinger, and Denison Hi News

To one about whom words are practically worthless when expressing our admiration and love for this person

To one who has the heart to conceive, the understanding to direct, or the hand to execute

The 1970 annual staff proudly dedicates the 1970 Yellow Jacket to Mrs. Kay Casey

Mr. Irby looks on as Steve Bounds, annual editor, presents Mrs. Casey with her bouquet of roses just after the announcement of the dedication.

The many worlds of DHS  
Meet, intersect—  
And sometimes collide.  
To keep them running smoothly—  
Together, yet separately—  
Requires a skilled touch,  
A special kind of person.

# School Board

The board of education spends countless hours in the study of policies, formulating such policies, and planning the building, staffing and administration of our school buildings. Each member sacrifices many evenings at home or days at work in order to devote more time to the betterment of the school system.

From left to right: Mr. Joe Burtis, Dr. L. T. Davis, Mr. Glenn Isaacs, Mr. Louis Ruchards, Dr. John C. Saunders, Mr. Bruce Hibbitt, and Mr. Ivan Bounds.

# Superintendent's Message

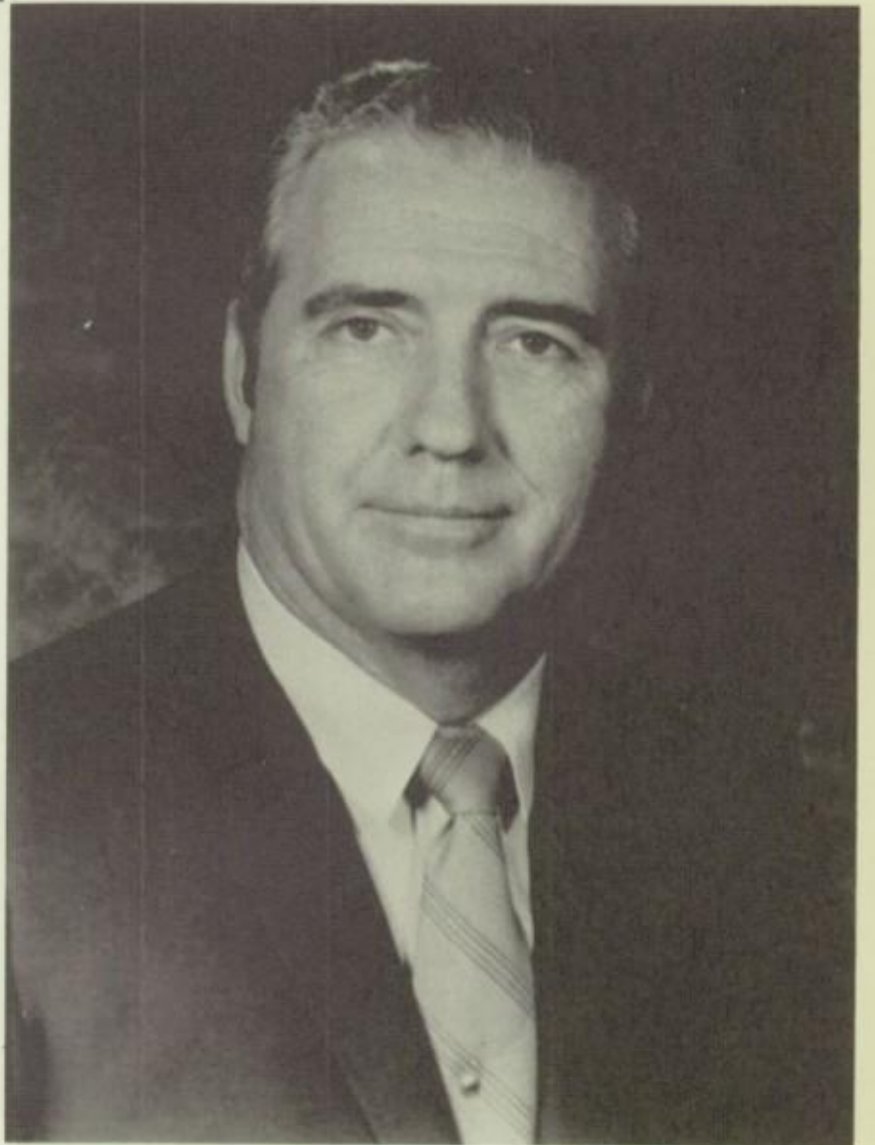

To the students of DHS:

We live in a time of challenge as well as a time of stress and change. May your experience as students in Denison Senior High School prepare you to be "thoroughly matched with the times." Congratulations on your progress.

Sincerely,  
H. W. Goodgion  
Superintendent of Schools

## Principal's Message

It is my sincere hope that the students of Denison Senior High have had a rewarding and an enjoyable year during 1969-1970. I consider it a privilege to have worked with you to accomplish this. I encourage you to avail yourselves of each opportunity to be of service to your fellow man.

We have a wonderful heritage of freedom. To retain this freedom we must give untiring and serious thought to our responsibilities.

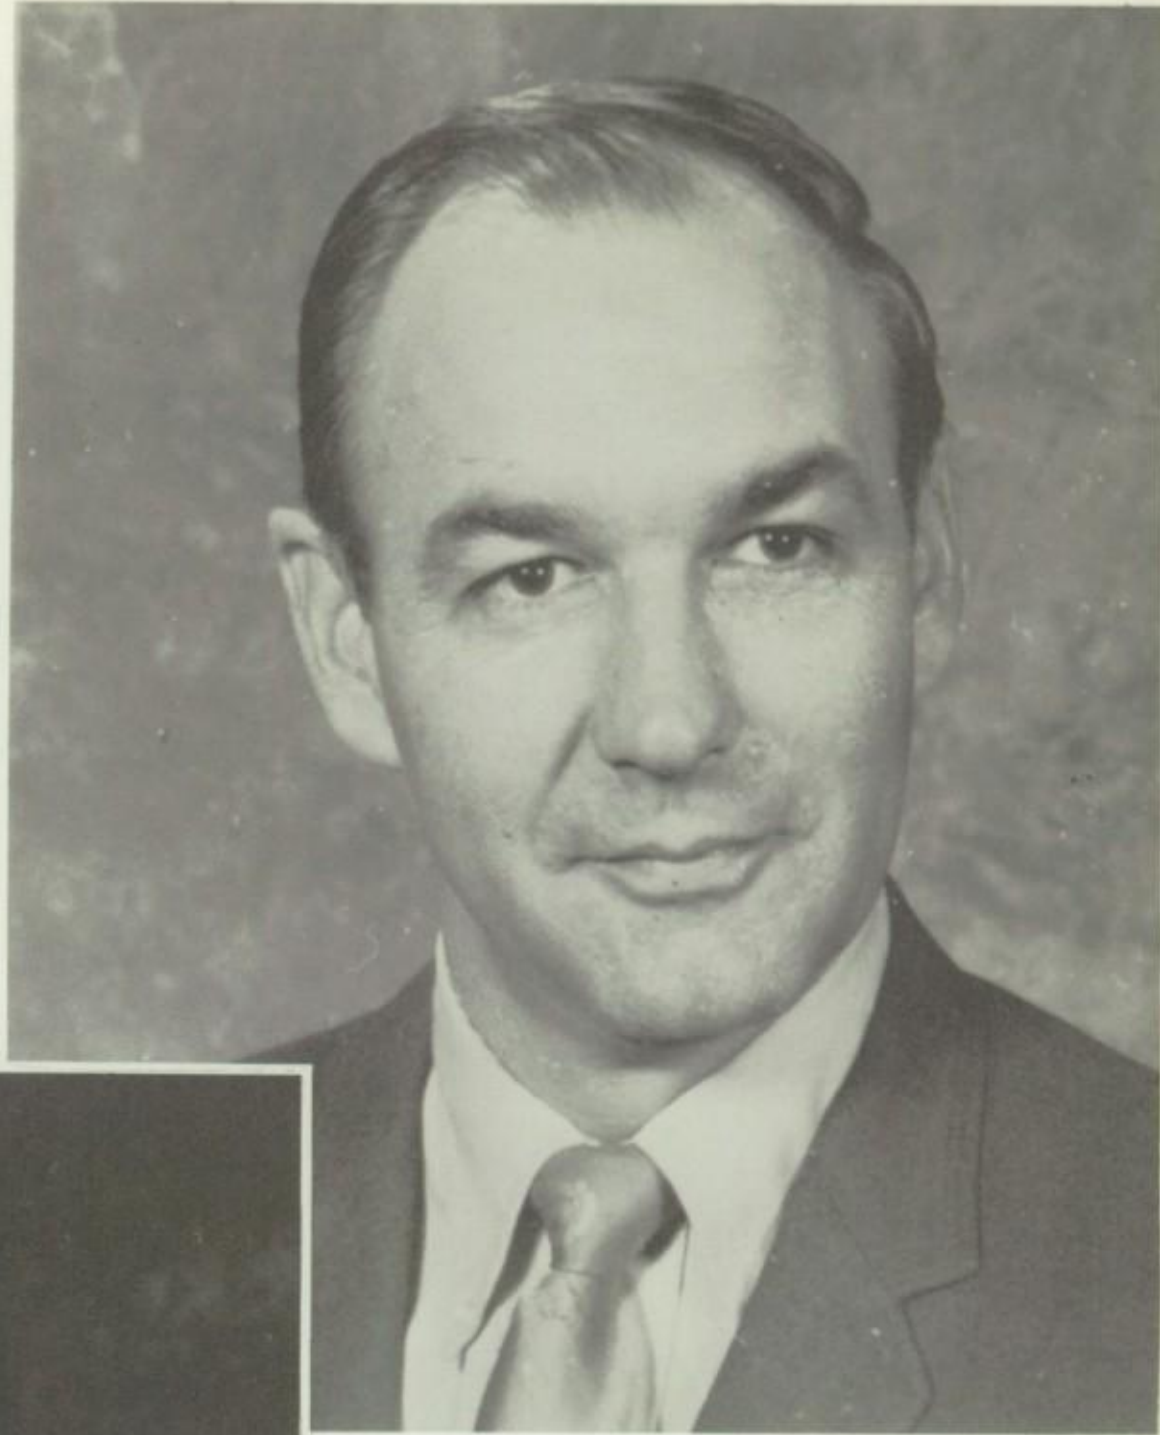

Mr. Lyndol Irby, Principal  
Denison Senior High School

## Assistant Principal

### Mr. George Petrus

The assistant principals are those unenvied people who too often get too much work and too little recognition. New to DHS is Mr. George Petrus, who rapidly won the students' respect.

### Mr. Corky Bowling

In addition to his duties as athletic director, Mr. Corky Bowling is, for the first time, an assistant principal this year.

## Secretaries

### Mrs. Nelda Redding

At times, in the office, it must seem that a school runs mainly on paper. Getting it filled out, folded up, and filed away is the job of the secretaries. Mrs. Nelda Redding in her second year at DHS, serves as secretary for the school.

### Mrs. Dodie White

New to DHS is Mrs. Dodie White, who has quickly become a part of the school. Mrs. White is responsible for the time-consuming and exacting job of posting grades to students' permanent record cards. In addition, she mans the telephone switchboard and ministers to students' needs.

# English

MRS. GENE SICKLES  
DEPARTMENT HEAD  
Central State College, B.A.

Mrs. Gene Sickles teaches senior English, and is head of the English Department. She has taught for four years, and is a sponsor for Y-Teens and the Senior Class.

During her classes' study of Shakespeare's 'Romeo and Juliet,' Mrs. Sickles placed this poster on her bulletin board.

The English Department leans to the traditional methods, but many teachers make frequent use of audio-visual aids to supplement and enrich the regular texts. Books and other materials combine to teach the students to express themselves effectively—an important skill in today's world, where communication may be the key to survival. New teachers in the English Department this year are Mrs. Marjorie Rudig and Mrs. JoAnn Evans.

Mrs. Rachel Anderson is surprised while lecturing to her English II class.

Mrs. Gene Sickles chats with her English IV class.

Mrs. Rudig discusses some literature with her English II class.

# Fine Arts

MR. ROGER HANSON  
DEPARTMENT HEAD  
ETSU, B.M.E., M.E.  
Chorus

If the band and choir seem a little bit prouder than usual this year, it's with reason. The band has completely new uniforms, and the band hall is newly air-conditioned. The choral department is the richer by some two-hundred dollars worth of music.

MR. JESSE RIDDLE  
SSC; NTSU; ETSU  
Band

MISS JEANNINE HULL  
SSC  
Band

All people—and DHS students—fall into the category of having a need to express themselves creatively. The Fine Arts Department is here to answer that need.

Choral students rehearse for a performance. They are, from left to right: Susi Hawkins, Janice Hawkins, and Lanell Miller. Back row: Steve Maples, Gary Crowell, and Larry Tra-week.

The timpanis are the backbone of the percussion of the band.

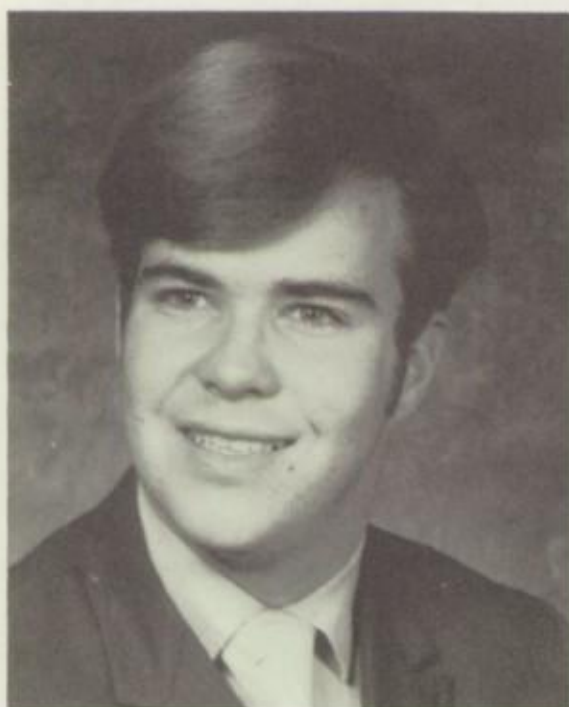

# Department

Two new teachers in the Fine Arts Department this year are Mr. Nicki Roberson and Mrs. Dorothy Richardson. Mrs. Richardson is teaching in the art department, and Mr. Roberson teaches both speech and drama. This is the first year of public school experience for both.

The "Hungry Five" is a group of musicians from the band who joined together to make some beer-garden Bavarian music. They are shown here performing for the PTA. From left to right they are: Steve Bounds, Donald Crowell, Bill Nix, David Talbott, and Harvey Putsche.

The boys' P.E. classes practice basketball.

Physical education is required of all students not participating in band, chorus, or drill team. Since only a small percentage is thus exempted, teaching the physical education and athletic classes is a full-time occupation.

The girls' P.E. classes do exercises daily.

The Science Department has three new teachers this year; Mr. Bill Day, Mr. James Lowrance, Mr. Larry Scoggin teach biology to the sophomores. Those who are interested in science go on to take chemistry from Mr. Rowland. Physics, taught by Mr. Gardner, is strictly voluntary. Chemistry and physics are generally taken by those students who plan to attend college.

Biology students conduct experiments frequently in their studies. The students are Cynthia Anderson, John Griffin, Tareewe Clark, Susan Cherry.

Mr. Lowrance discusses a problem with a biology student.

Mr. Scoggin is another of the new biology teachers at DHS. He is shown here preparing for a lecture and laboratory.

# Social Studies

The Social Studies Department works to give students a background for citizenship. World and United States History teach students of the forces that shaped their country; World Geography teaches them of its physical surroundings; civics tells them how it is run; and economics teaches them how it keeps going. A new face in this department is Mr. McCarty, who teaches world and U.S. history. An adoption committee, headed by Miss Bledsoe, has studied samples of new textbooks for next year's United States history and Civics classes.

Mr. Walter is shown preparing for a Civics lecture.

Mrs. Willis, in addition to her duties as a homemaking teacher, is also a co-head senior sponsor.

Of all the departments at DHS, the Vocational-Industrial Department has the most immediate and direct effect upon its students, as it prepares them for the jobs they will enter after high school. In order to provide the vital up-to-date instruction, well-trained teachers and modern equipment are needed. There are two new teachers in the department this year, and such varied paraphernalia as furniture, filmstrips, and hairdryers. Moving with the times, the homemaking section is offering a new course in home management—open to both sexes—and the cosmetology section is devoting more time to the styling of the newly fashionable wigs and wiglets.

## Service Personnel

From day to day, the janitors go unobtrusively about their jobs, keeping the school building in working order. Few students pause to notice—or thank—them until a window breaks or a furnace quits, or some other malfunction disrupts class life. Then, briefly, the janitor is hero of the hour. They are from left to right: Mr. L. Z. Wilemon, Mr. Clyde Ramsey, and Mr. Douglas Carr. Not shown Mr. Lynch.

The maids, who keep the litter from filling DHS to the ceiling, are almost as unobtrusive as the janitors, and equally as necessary. It would be difficult to imagine the state the building would be in without their unfailing help. They are from left to right: Mrs. Smallwood, Mrs. Jones, and Mrs. Hollis.

## Service Personnel

Rising long before the average student or teacher, the bus drivers go about their daily job of taking the students to and from the schools. In addition to their regular duties, they often accompany organizations on out-of-town trips. From left to right, **front row:** Hollis Garner, A. C. Christman, E. D. Lewis, John Colfey, Sam Haskins. **Back row:** Roscoe Lee, Robert Monroe, Bobby Earnhart, Arthur Page, Bill Fisher, Carl Whaley, Bill Phillips, Gene Bullock.

At the beginning of each lunch hour, there is a mad rush for the cafeteria, where hot, inexpensive food beckons. The cafeteria workers must see that the supply does not fail under the onslaughts of the hungry students. **From left to right they are:** Mrs. Homer McClung, Mrs. Vera Fletcher, Mrs. Perry Kinamon, and Mrs. Jerome Smith.

On the night when witches, goblins, and the rest have their traditional spree, the students of DHS meet and stave off the supernatural with revelry of their own. Neewollah, the annual Halloween variety show, is a highlight of the fall semester, and never fails to draw a good crowd.

Neewollah, in addition to being an enjoyable fall event, also serves as a fund-raising project for the Y-Teens. The general Y-Teen sponsor is Mrs. Carpenter and each class of Y-Teens has its own sponsors. Neewollah has long been a much-anticipated event for the student body.

# Who's Who

## Most Versatile Dwayne Fennell Pat Saunders

There are some people who do one thing well, and some people who do nothing well, and Pat and Dwayne, who do everything well. These two are regarded with envy and admiration by their less multi-faceted fellow students.

## Most Cooperative Jim Bob Reavis Deanna Darling

Patience, good manners, a willingness to work calmly under pressure and to solve quarrels by compromise—these make up that elusive ingredient of school life, cooperation. Jim Bob and Deanna, possessing this quality, make life at DHS a little smoother.

## Who's Who

### **Most Likely To Succeed Gary Wilson Lanell Miller**

Don't lose track of Gary and Lanell ... with all that brain power and sheer determination on their side, they will make their mark on the times. And the Tribune, and the Sun, and the—well, anyway, check on them in a few years.

### **Most Dependable Oliver Meek Pam Ransom**

If something's to be done—find Oliver and Pam. They'll do it sooner, faster, and probably better. An added bonus: with their cheerful, chock-full-of-vitality attitude, they'll seem to be enjoying every minute.

## Who's Who

### Most Original Dwight Haworth Betsy Greig

Sometimes quietly innovative, sometimes boldly different, Dwight and Betsy set the pace and come up with the ideas for the rest of DHS.

### Most Humorous Barry Wells Beth Johnston

A little laughter keeps school from getting grim. Beth and Barry have kept the creeping greyness out of DHS for three years now, and their humor has lightened many a dreary day.

## Who's Who

### **Friendliest** **Doug Kopplin** **Carol Ann Clayton**

A warm smile can make a chemistry test less dreary, and cheerful conversation can keep the hall from seeming like a freeway to nowhere. Friends can do this, and Doug and Carol Ann are '70's friendliest.

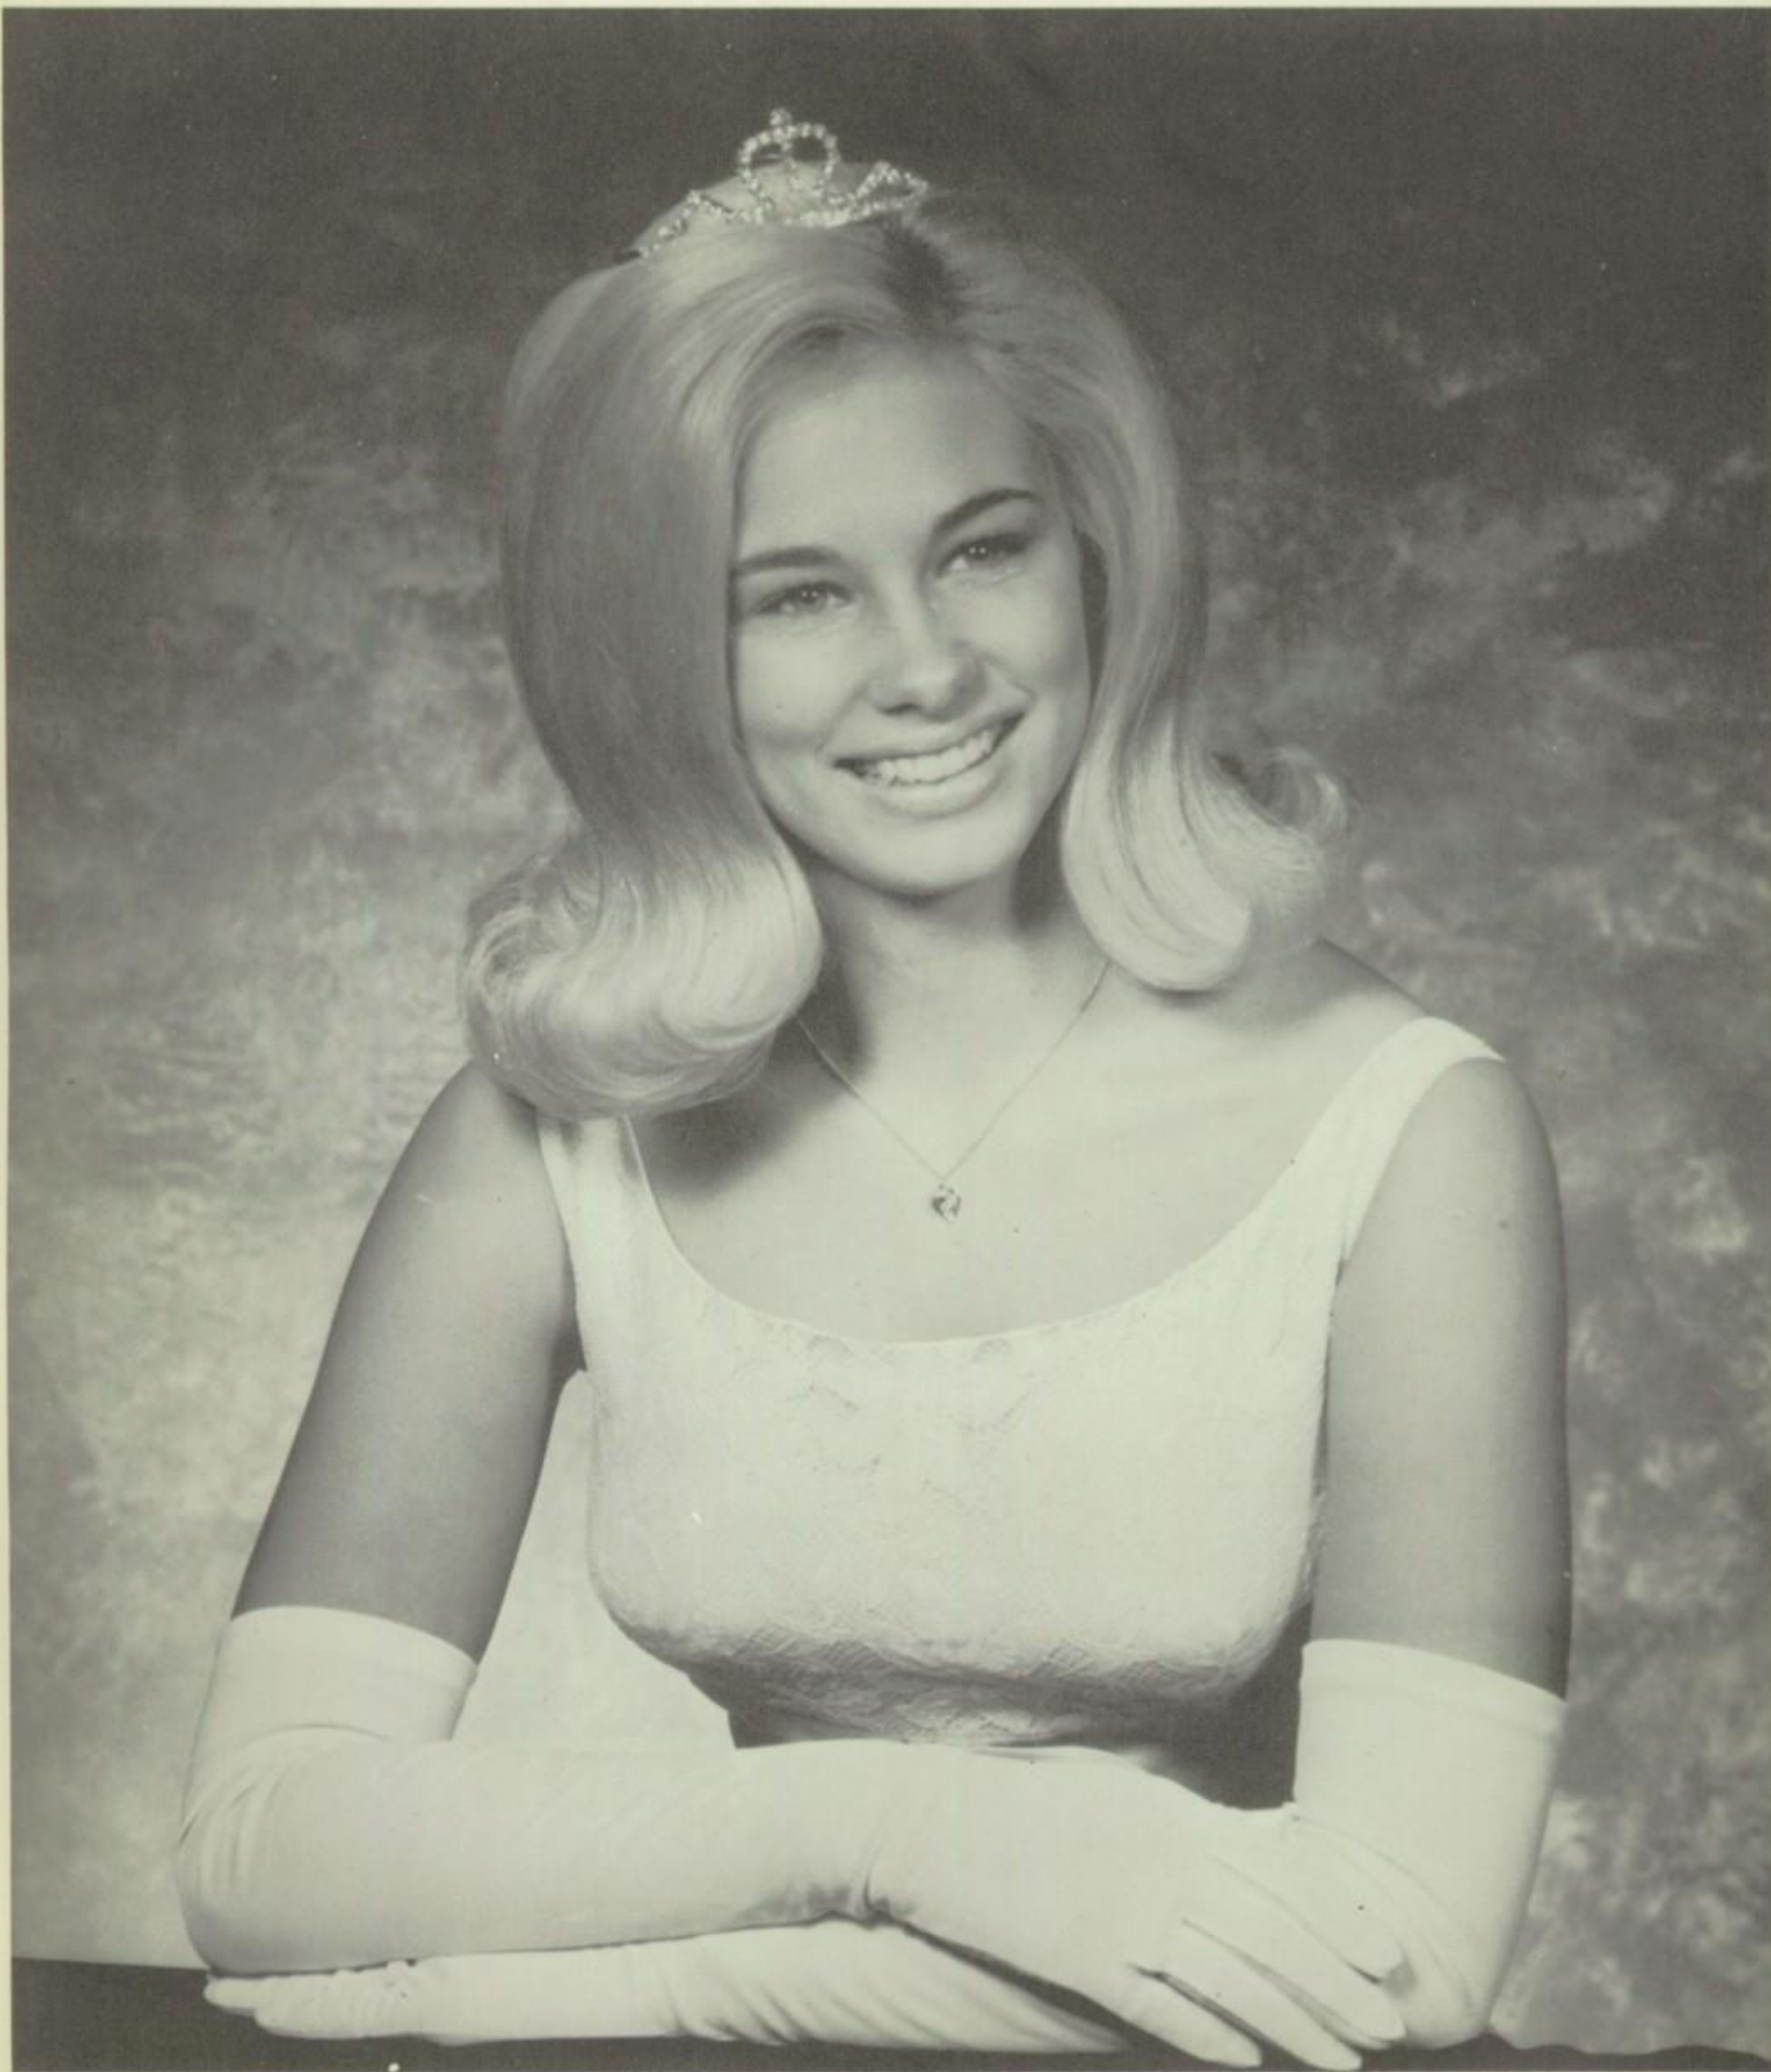

### **Best Leaders** **Mike Simpson** **Dana Martin**

Rarer than righteous, scarcer than sex appeal—whether it's a genius for organization or the ability to quiet crowds with a word, the talent for leadership is given to very few. In the 1970 Senior Class, it's concentrated in Mike and Dana.

# 70

Our worlds of participation . . .  
We give of ourselves to them,  
They give to us in return.  
They give us many things,  
But most important:  
A sense of belonging.

STEVE BOUNDS  
Editor-in-Chief

This year's Yellow Jacket incorporates many unseen hours of planning, working, and studying in preparation. For the first time in DHS history, the staff had its own darkroom to print and develop pictures. Also a first is the summer delivery of the book thus allowing the staff time to completely represent the many WORLDS OF DHS, from opening assembly to graduation. This book is the largest in the schools history, and the most complete. Under the capable and never-failing supervision of Mrs. Kay Casey, the staff is constantly at work on this, the 1970 year-book, not just an annual. The staff would like to express its appreciation for the cooperation of many people and departments of the school and around Denison which have made the production of this book possible.

Among the 1970 Homecoming Queen nominees was Pat Saunders.

Everetta Backest, another nominee, rides in the 1970 Homecoming parade.

Carol Ann Clayton, the 1970 Homecoming Queen shared the Student Council float with the other nominees.

Fifty-nine members and officers make up the Student Council. The Council is responsible for many parts of everyday life at DHS. A few examples are the sale of student directories and the presentation of daily devotions. This year, they also managed Western Day, were involved in the opening day assembly and orientation, sponsored such spirit raisers as Spirit Week and the car bash, and presented the annual talent show. At Christmas time, the Council sponsored a holiday project of providing a few comforts for the mother of math teacher Mr. D. D. McKnight, who lost all her earthly possessions at a fire at her family home. This proved to be one of the last bright moments in Mrs. McKnight's life.

Each year the Student Council seniors strive to leave a remembrance of their tenure to future classes at DHS. The 1969 Council filled the second floor planter with artificial greenery to provide a pleasing first impression for all who enter the building. The 1970 Student Council provided a school motto and emblem.

# Stinger Staff

Most of the equipment used for the last two years to publish the STINGER is to be retired next year for a new off-set press operation. In the past, the paper has been mimeographed manually. This new process will accomplish two big purposes. First, it will cut the 3200 man-hours of work done on the paper this year in half. In addition, it will give the paper a face-lifting by allowing the use of pictures, artwork, and a cleaner, more pleasing style of type. Mrs. Kay Casey, sponsor, worked many tireless hours with the staff, shown in various shots here, to publish what was the finest school paper in DHS history. The STINGER won many awards from the Interscholastic League Press Conference for equal coverage of all phases of school life. Like the YELLOW JACKET, it endeavored to report on all the WORLDS OF DHS.

Members of the STINGER staff relax and evaluate their work. From left to right are Ricky Kirkpatrick, editor, Vickie Moore, assistant editor, and Janice Burgess.

Craig Spears and Winona Flaherty count and distribute issues of the newspaper to be sold.

The gold and black lettering serves as a constant reminder that band members must have pride in their school, their organization, and themselves. The PRIDE sign hangs in the band hall for this purpose, placed there by the 1969 band council. Pride is the keynote of many school activities. The pride of a senior in his class, the pride of a sophomore realizing for the first time that he is a part of the school, the pride of a student in a job well done. This is pride, and these are the proud ones. The band is both a course of study and an extracurricular activity. It represents the school and community at parades and half-time shows in the fall and art concerts, festivals, and UIL contests in the spring. The band also sponsors social events, such as the alumni dinner. The band council is the governing body of the band, elected from all three classes. Council President this year is Donald Crowell. The sponsor is director Jesse Riddle.

# Drill Team

The Drill Team is a familiar part of DHS; it performs regularly at athletic events and pep rallies, and engages in other activities as well—such as baking for the football and basketball boys before special games. Besides the actual routines, the girls learn vital secrets of co-operation and patience. Some of the Stingerettes perform for Neewollah, local civic and social groups. Drill Team Captain is Nancy Jones; their sponsor is Miss Judy Jackson.

Among the Stingerettes' many duties is performing to musical selections during pep rallies.

Adding to the spirit of basketball games, the drill team performs a routine during the half-time activities.

Along with the band, the drill team marches in many parades. In the Denison Christmas Parade, the drill team sports new red and white winter uniforms.

The highlight of the Stingerette's career is receiving her letter jacket for two years of service. Captain Nancy Jones receives her jacket award from Miss Judy Jackson, Sponsor.

Juniors Pat Stevens, Joanne Twining, and Mary Sullenburger work at the basketball concession stand, which is sponsored by the Band Parents Club. It is operated at all home basketball games.

Sometimes the pressures and tensions of everyday routine become too much for some to bear. Taking a nap in sixth period study hall are Marion Norris and Bill Brown.

# Western Day

Mrs. Ann Whitworth and Mr. J. W. Lynch were selected by the student body as the best-dressed faculty members on Western Day.

Moderator of the Western Day assembly was Mike Simpson, President of the Student Body.

Donnie Siebert was Deputy Dawg for the day, and grew the best beard for Western Day, as decided by the Student Body.

Seniors Gordon Weger, Doug Kopplin, and Oliver Meek "booze it up" following a shoot-out in the Western Day Assembly.

One of the most popular places on Western Day was Bevo's Bar. In addition to Marshall Threadgill, Principle Lyndol Irby and Assistant Principals George Petrus and Corky Bowling served as bartenders.

## Activities

Each year, the annual staff holds elections for Mr. and Miss DHS, class favorites, and senior Who's Who election. The results of these elections are represented here in pictures and captions. All classes vote for favorites respectively, and the entire student body votes for Mr. and Miss DHS.

Carol Ann Clayton receives her ribbon for Miss DHS from junior annual staff members Gail Mahana and Sherian Mead.

Senior Mike Simpson gets his ribbon after being elected Mr. DHS.

## Mr. And Miss School Spirit

Near the close of each football season, the cheerleaders pick two seniors to be Mr. and Miss School Spirit. These two—Jim Bob Reavis and Pam Ransom—have given their firm and continuous support to the Yellow Jackets all through the season to earn this honor.

# School Spirit

School spirit may be defined as a deep and unshakeable conviction that no other school, anywhere, is quite the same as DHS. Since the uniqueness of DHS is a fact—no school is ever exactly like another—then the quality of school spirit should remain constant—as this year's student body has certainly demonstrated.

Pride is not only the motto of the Yellow Jacket Band, but also expresses the feelings of the Student Body towards DHS.

### Fighting Heart Award

Once each year this fairly new award is given to the basketball player who is chosen by his teammates to receive it. The athlete who receives it is the one who his teammates think has the best spirit, desire to win, and, as the award implies, the best fighting heart throughout the course of the season. Curtis Moore was the first to get the honor in 1967-68, followed in 1968-69 by Ken Williams. During the 1969-70 season, Jimmy Criss was presented the award. No greater honor can a basketball player receive at DHS than the Fighting Heart Award. It will very likely be a tradition of Denison basketball for many years to come. Coach Mike Long congratulates Criss.

The Jackets were defeated by the Richardson Eagles in the first district game of the season by a score of 99-47. The first quarter was nip and tuck with a wild start to the game. The game was tied at 15-15 until the last thirty seconds when the Eagles got two quick baskets on their home court. From there on, the defensive efforts of the opponents overwhelmed the smaller Jacket team and they managed to get through the Jacket setup. The Yellow Jackets dropped to an 0-1 district record. In a rematch the Jackets dropped their sixth district game 91-59 after a fatal third quarter in which the Eagles outscored them 27-10. The loss dropped the Jackets to 1-5 in district with four games left to play.

## Greenville

In the Jackets third district game with the Greenville Lions, they came out on the short end of a 66-53 game. The scoring for the Jackets was mainly dominated by Mike Simpson, while the scoring for the Lions was fairly well spread out. The first and third quarters showed quite impressive ball handling by the opponents while the Jackets set up a fine second quarter. This was one of the hardest fought games of the entire season considering the fact that almost every one of Greenville's starters was well over six foot. In the end, the Jackets went down fighting with all their might.

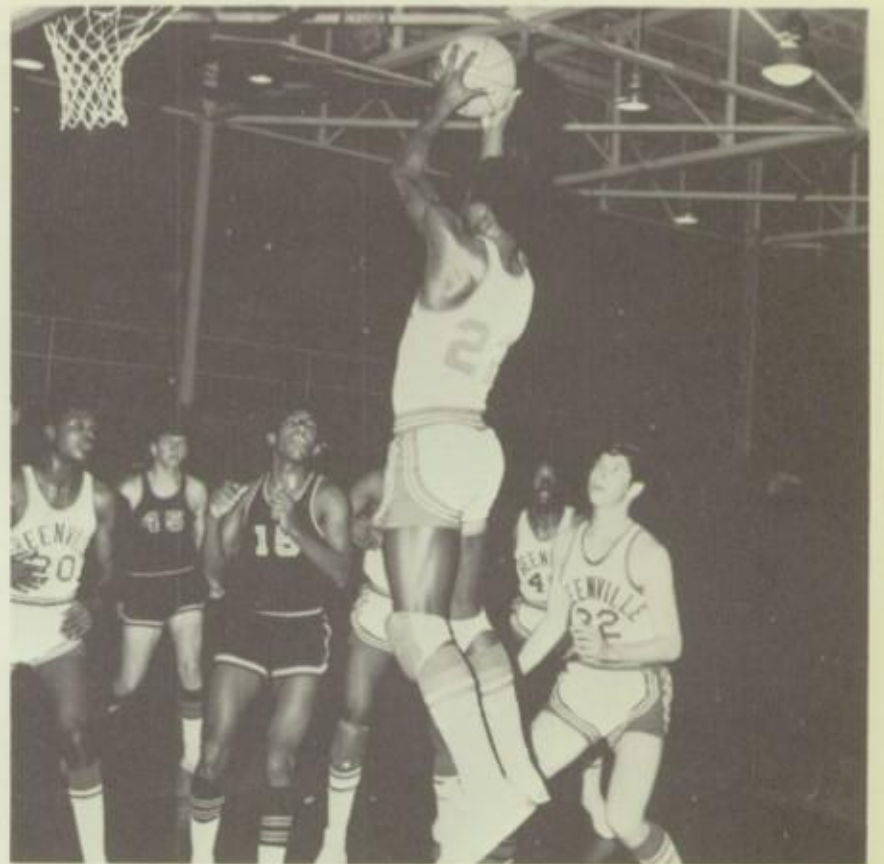

As the season drew near an end, in the eighth district game, the Jackets once again met the Greenville Lions but that time on their home court. This time the fighting Yellow Jackets came up with a 62-58 victory over the Cats. In this game, the Jackets had a very strong second quarter as in the last game and Greenville's quarters were very much alike. Jimmy Criss scored 26 points in the encounter to help lead the Jackets to victory. The great desire to win led the Jackets to a well-earned victory.

Spears hands off to Foster in same relay.

For the second year, a cross-country team represented the school. The team averaged over 50 miles per week. Then on Saturdays they travel to the Dallas-Ft. Worth area to run a two-mile race. Mr. Donald Donowho is the team's tutor.

Yellow Jacket tracksters compiled three first places: Gainesville, Paris, and Sherman; two seconds: Wichita Falls and District 8-4A; one sixth: Irving; and One eighth: Carrollton. All sorts of records were broken during the year, including stars breaking their own records. Coach Manley's runners added eight trophies to the trophy case and 15 lettered.

McClelland finishes the mile relay.

## Underclassmen

# 70

The worlds of underclassmen—  
Especially sophomores—  
Are sometimes confused.

Perhaps they know where they've been.  
They may know where they are.  
They find it hard to know where they're going.  
Most of the time—somehow—  
They survive.

## Seniors

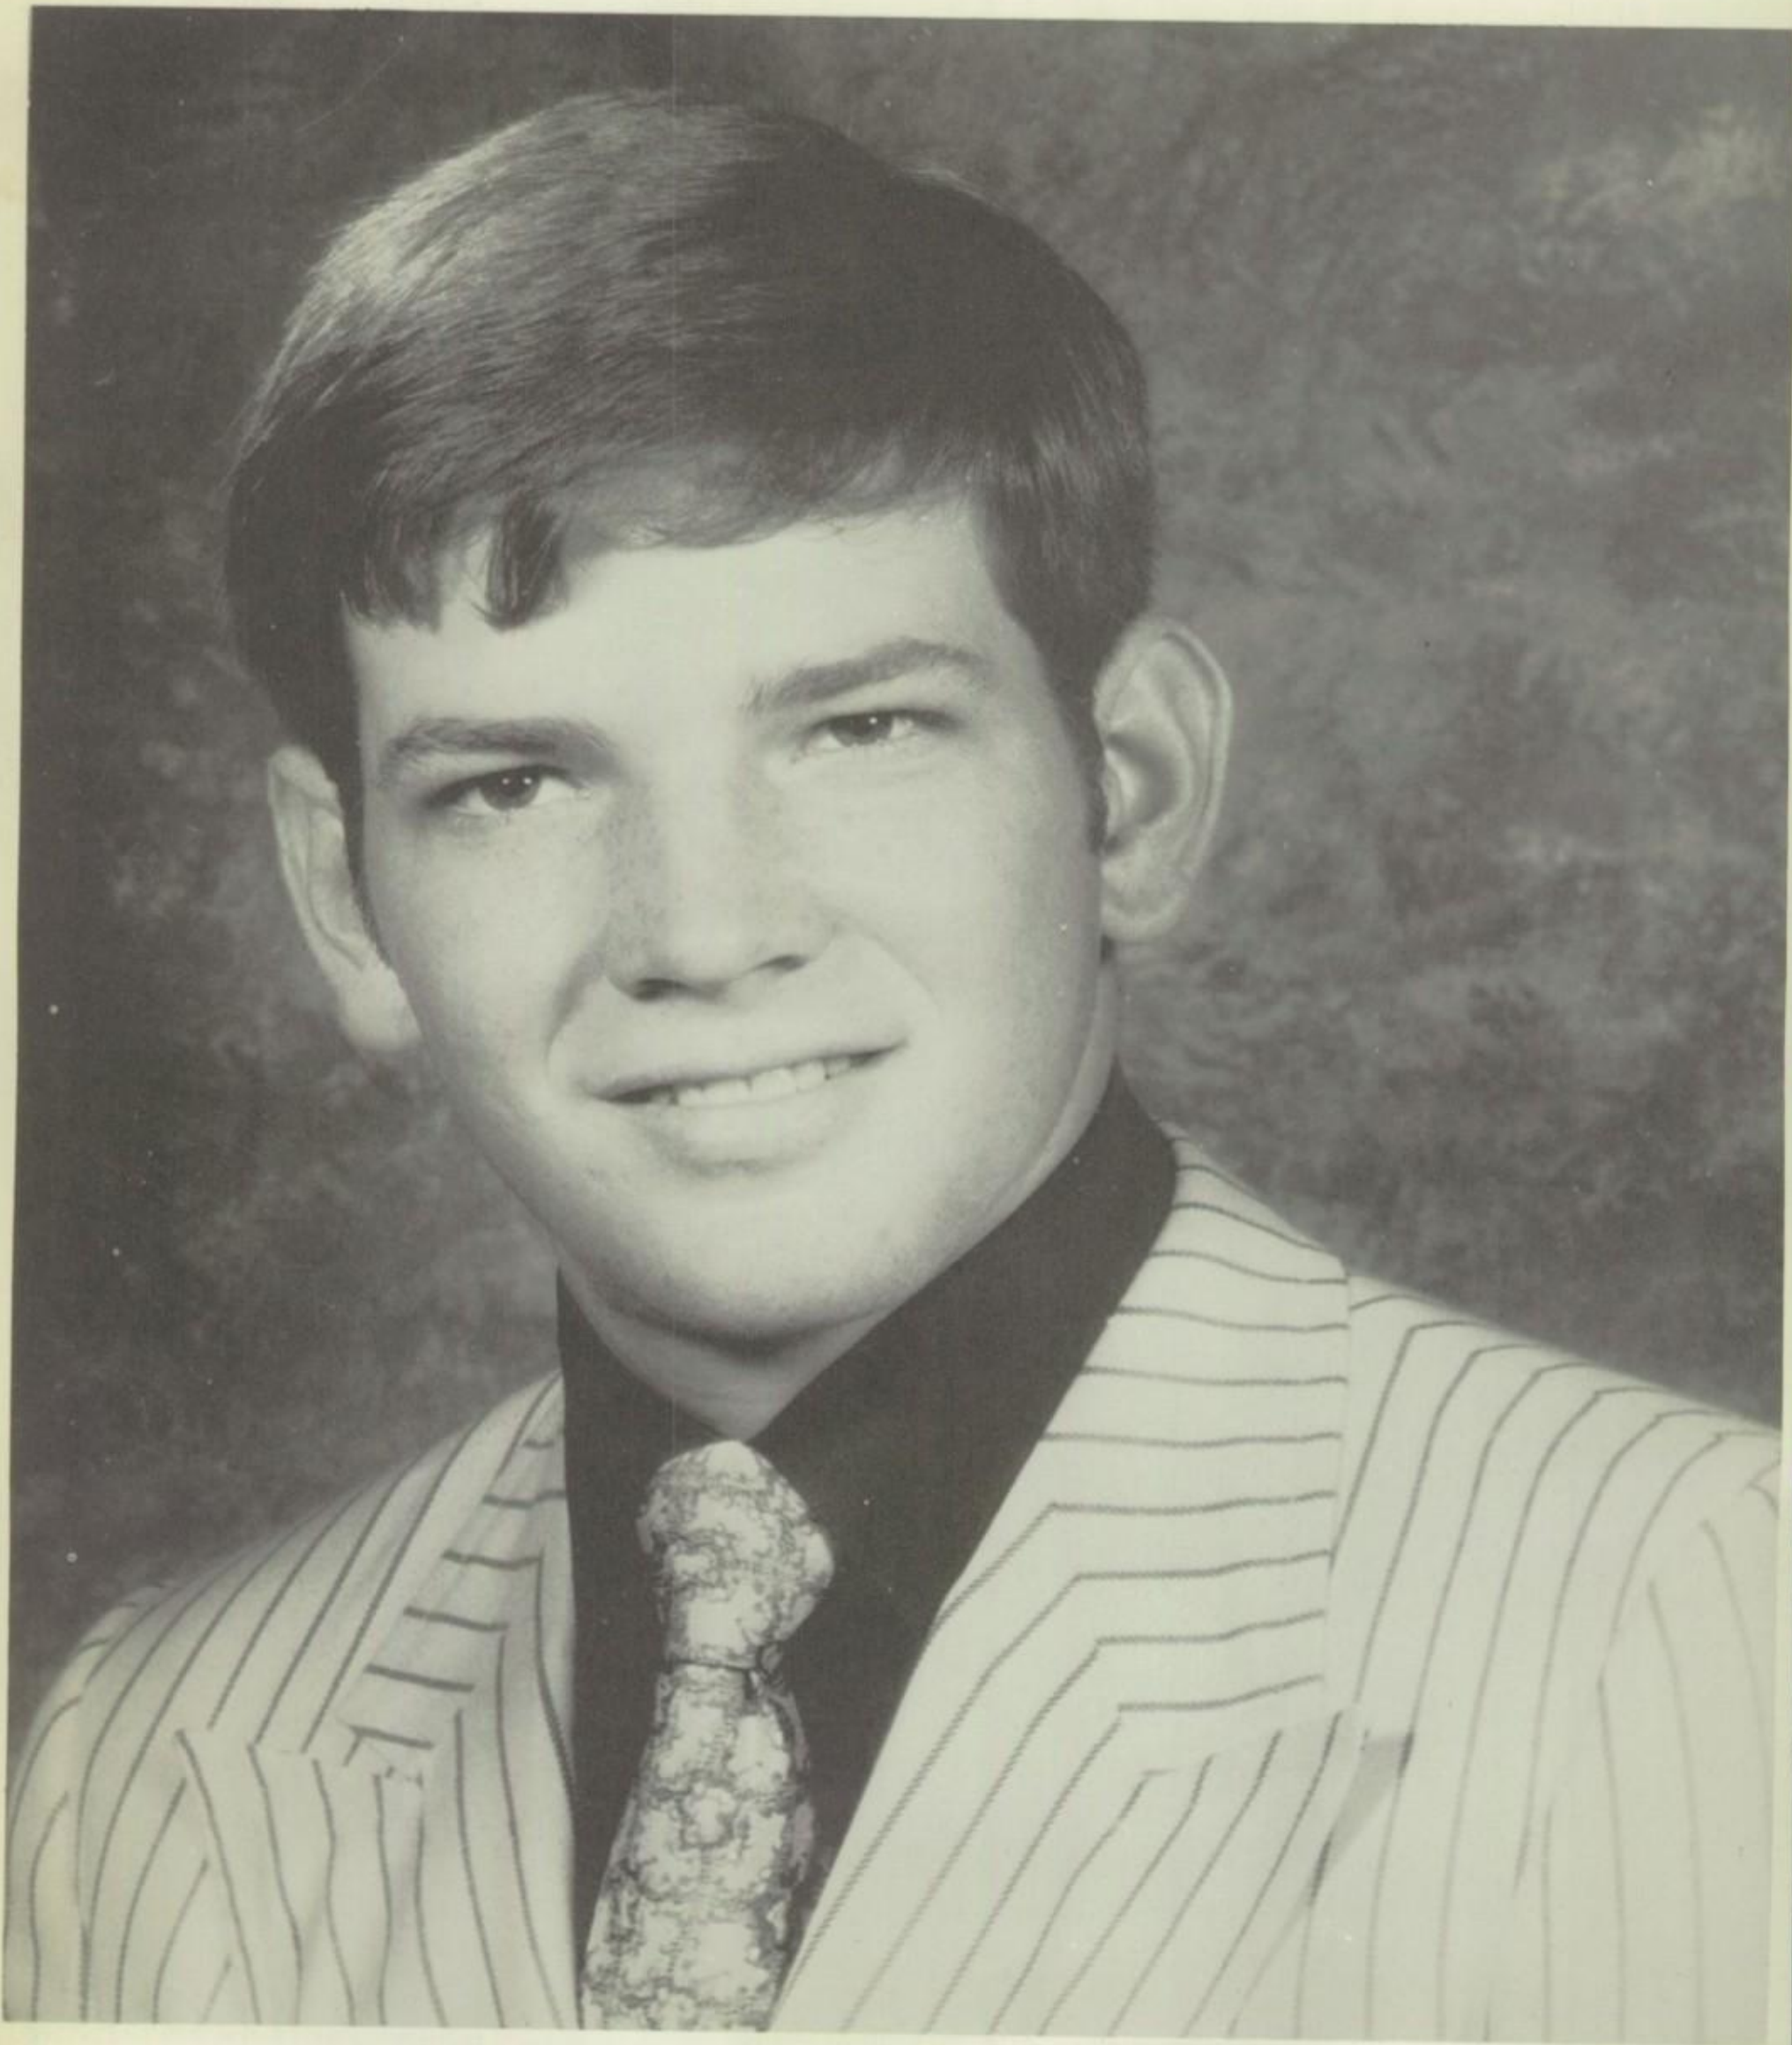

Seniors need so many worlds  
Because they soon leave all of them.

They try to be everywhere,  
Do everything.  
They are afraid—  
Afraid there are worlds, at DHS,  
That they have never seen.  
And their time is running out . . .

So they try to be in all of them,  
In case they missed some.

Bruce Marsico interrogates Oliver Meek while David Roberts looks on.

The 1970 senior play was ARSENIC AND OLD LACE, a comedy about two sweet, genteel old ladies who poison lonely old men and bury them in the basement. Complicating the plot are a brother who thinks that he is Teddy Roosevelt, a surprisingly sane nephew and his girlfriend, a murderer and his accomplice, and miscellaneous policemen and corpses. Mirth and mayhem are mixed in equal proportions before the play reaches its conclusion. The senior class sponsored the production of the play. Proceeds were used toward Senior Day at Loy Park.

Alvin Forguson appears to be up to something quite unusual.

Ferg joins Annette Perkins and Kathy McGinnis in a rest.

Eddie Thompson and Donald Crowell come into the barn to ride horses.

The 1970 Senior class planned, executed, and enjoyed their SENIOR DAY at Loy Lake Park on May 28. About 125 seniors participated; this was the largest turnout in many years. The day's activities included swimming, horseback riding, volleyball, football, baseball, lunch, dinner, and a barn dance in the evening.

## SENIOR SONG

We are the Mighty Seniors,  
We're always true,  
Not only to our class,  
But Denison High School, too.  
We will never fail you,  
Till the day we die,  
Cause we're the greatest class of  
Denison Senior High.  
'70'

Gary Terry, Mike Maylock, Robert Green, Randy Rice, and Alvin Forgeson sing folk songs in the hog barn.

# Graduation

Graduation night belongs to the seniors. They step in pairs through the doors, and they don't believe that it's really happening. They file into their places, in alternate rows of black gowns and white, and it still seems unreal—it seems strange, sitting gravely here, each face properly solemn, and a thick tassel obscuring the vision of every left eye, that by this evening's words and deeds they are leaving their school.

The implications are too much to think about—their minds settle on trivialities: the speaker's voice, the music, the problem of simultaneously shaking hands and grasping the diploma. Then it's over, and they file out toward the gym, carrying four year's work in a paper envelope, and a lot of wonderful memories in their hearts.

The invocation was given by Oliver Meek, President of the Senior Class. The valedictorian and salutatorian gave their addresses, the chorus sang "The Impossible Dream," Reverend Earl E. Kifer gave the commencement address, Mr. Goodgion recognized special awards, Mr. Irby, Mr. Petrus, Mr. Ivan Bounds, and Dr. John Saunders gave out diplomas, and the senior members of the chorus sang the benediction.

# Salutatory Address

Our theme for this year's commencement is "Today's Youth—Tomorrow's Citizens." Citizenship does begin with youth. Throughout our lives we have been touched by experiences that have shaped us into what we now are. For as Robert Louis Stevenson said, "Youth is wholly experimental." We continually experiment with new ideas and methods of expression. Regardless of whether we fail or succeed, someone is always there helping us to learn. Many times failure holds a valuable lesson, and we often need someone else to interpret that lesson. I believe that if we take a moment to reflect, we will find that we did not, and could not, have made it on our own. There have been countless persons helping us grow and mature to the point we have now reached.

Our parents have made innumerable sacrifices for us. Of course parents enjoy forfeiting luxuries or even necessities for their son or daughter. They consider sacrifice to be a privilege rather than a duty. But then, parents turn right around and make such senseless demands . . . They seem to have the idea that we should be responsible young people with good moral principles. And to top it off, they feel determined to instill these traits of good character in us. They seem to base this type of interference on something called "parental love." We cannot begin to measure the influence that our parents have made on our lives.

Another institution responsible for the shaping of our character is the school. The most obvious duty of our educational system is to instruct the traditional three R's. However, our schooling does not stop here. The students are provided with counselors, teachers, and administrators that seek to teach responsibility. They impose regulations and policies of conduct, dress, and attendance. They try in various ways to prove that discipline is necessary to society. But we too often fail to recognize their motives. Teachers are not right all of the time—And there have been mistakes. But the mistakes influence our lives and shape our ideas just the same as the successes.

There have been trying times in our past, but there have been rewarding experiences as well. True, we are the people who weathered the storm, but there are countless people who have helped us along the way. Now we have reached somewhat of a climax in our youth.

The seniors have been out of school for almost a week. During this time, I have done a lot of thinking—and I began to see things in a much clearer focus. One thought was this—there are many different kinds of love in the world, and true friendship is a type of love that should be cherished by everyone. The friends that we have made; and the memories we shall retain from these friendships will last a long, long time. This class has done so much together. Now we leave school—and in many cases we will leave the people that we know. But although our friends may go separate ways, Friendships will go with us all.

Perhaps at this moment the influences and accomplishments of our family, our teachers, our friends, and our community are too immediate to recognize, but once we have stepped into the role of adult citizens then we can look back and fully realize how much we benefited from these people. This diploma that we shall receive tonight represents much more than the arts and sciences. It stands for years of maturity and preparation to reach a point where we can fill the positions of tomorrow's citizens.

Will the graduating class of 1970 please stand . . . I propose a "vote of thanks" to our families, friends, community, and teachers for the understanding and guidance they have given us throughout the years. All in favor say "aye" . . . those opposed . . . the ayes have it.

MIKE SIMPSON, SALUTATORIAN  
SENIOR CLASS OF 1970

# Valedictory Address

As I stand before you tonight, I see the graduating class of 1970. I see boys and girls whom I have known since the first grade, others I have met since entering high school, and still others I will know in years to come. All of us are now young men and women. But most of all I see tomorrow's citizens. This is a fact that too many of us do not realize—after tonight we will be a part of the establishment that we gripe about so much. We will be headed for a future as adult citizens of this city, state, and nation that we live in, and there is no way around that fact.

As citizens we will enjoy privileges and have rights we do not have at the present time. More important, though, we will have to assume all our responsibilities that go along with these rights and privileges. Our obligations will be numerous, and I am afraid that a majority of us are not as aware of them as we should be.

These duties include voting, holding permanent jobs, rearing families, and simply being aware, responsible citizens. Our principal duty will be taking a stand on issues that are of concern to everyone today. In our best interests, as well as those of others, we can no longer afford to be apathetic and drift along with the tide. We must take on the responsibility of going to one side or the other, for lukewarmness will take us nowhere. If we are always persuaded by every new idea or fad that comes along, then we are no better than puppets on strings, and we will make poor citizens of tomorrow in this great land that is waiting for us.

There are a number of issues which should concern us today. At this very moment, somewhere across the nation, there are debates, discussions, or even arguments about racism, morality, poverty, and other topics that will make or break our nation and its system of government in the future. We, as future members of the establishment, must know how we feel about these issues. We must decide for ourselves what we stand for and must follow this belief.

All of us will have changes of mind on different subjects as we mature. We will have serious doubts about things we have always accepted, and we will have to decide for ourselves how we feel, for no one else can. But after we have made these decisions we must stick with them or we will have failed to live up to one of our most important responsibilities.

By sticking to our beliefs I do not mean that we should be so set on our opinions that we cannot change our minds to another view if we think that view is right and ours has been wrong. I mean, instead, that we should be able to recognize when we are right and when we are wrong, for this is a very personal matter. It will make us true citizens or it will mean that we are simply living in this country. We will be adult citizens when we can discern when we are in error and need to take a serious look at our values and standards, and then go to the polls to vote our true feelings.

So I leave you with these thoughts tonight hoping that you see for yourselves that we are just now approaching the beginning of our lives as citizens in this complicated, fascinating world. That we are just now at the start of the decision-making that is ahead. I hope that each of us will be able to know what he believes in, to decide what is for him, and can find the courage to stand behind his decisions.

Both have reached their end;  
The yearbook—  
And the year.  
The rooms of our lives,  
Our little worlds of light and darkness—  
Closed off, gone dim.

Only for a summer;  
But for some—always.

And now we leave our worlds of DHS  
And enter other worlds.
